

Develop a PAS - Collaborate, Innovate, Accelerate

A PAS provides a sponsored route for any type of organization to develop a standardization document in response to a market need. A PAS can provide product specification, codes of practice, guidelines and vocabularies or be used as an assessment benchmark.

Why create a PAS?

 Improve productivity	 Increase efficiency	 Reduce costs	 Maintain quality
 Accelerate innovation	 Agree good practice	 Build trust with consumers	 Can be developed into an international standard
