ISO/IEC 27001:2013 Senior (Top) Management Briefing

Essential information about the course

Level **1C**

As the internationally recognized best practice for an Information Security Management System (ISMS), ISO/IEC 27001 helps organizations to build resilience and protect information. So it's no surprise that companies invest in training their people to get the knowledge and skills to use ISO/IEC 27001 to secure their business.

As a leader, your commitment and support is crucial to the success of your organization's management systems for ISO/IEC 27001. This

executive level briefing is designed to give you an introduction to the standard to ensure information security objectives are met. You will also learn about your organization's obligations and your personal responsibilities within the management system.

This interactive session is led by our expert tutors who have years of experience in the ISMS fields. Upon completion you will be able to develop action plans for implementing key leadership activities.
