Webinar on “UKCA for Medical Devices”

In view of Brexit, the EU’s CE marking will not be accepted in the UK after 31 December 2021. The UK Conformity Assessment (UKCA) marking, the new UK product certification marking, has already come into force since 1 Jan 2021.

Companies have to be aware of these changes if you wish to continue to export to the UK. You have to prepare for the end of recognition of the CE mark in GB and affix the UKCA marking using a UK-appointed “approved body”.

Join BSI’s Ryan Chen, Medical Devices Sales Manager, to hear the latest updates on Brexit and the new UK Conformity Assessed mark (UKCA) for medical devices.
