

# Preparing for ISO 50001:2018

## Five steps for a successful transition

### Don't delay – start today

BSI has identified a step-by-step journey to help you understand and realize the benefits of the revised ISO 50001. We have mapped out a framework which guides you through the options and support available from BSI to ensure you have the knowledge and information you require.

- 1 Talk to your BSI Client Manager**
  - Discuss your challenges and timelines
  - Review the latest content on the BSI website for background information
- 2 Attend the BSI Training Academy**
  - Delivered by experts, understand the new requirements faster and in greater detail by attending one of our training courses
- 3 Communicate with your organization**
  - Talk to your leadership team about the new requirements
  - Communicate the revision to your wider organization to gain buy-in
  - Send regular updates on progress
- 4 Set up an internal project team**
  - Create an implementation plan and monitor progress
  - Take a fresh look at your EnMS
  - Review your EnPIs and baselines and update as appropriate
  - Implement the new requirements on leadership, risk and context of the organization
  - Adapt your documentation to reflect the new structure
- 5 Gap Assessment**
  - To help you prepare for ISO 50001 we can use our experts to complete a gap analysis to identify your strengths and weaknesses

### ISO 50001 Transition Timeline
