

Digital Trust | ISO/IEC 27001:2022 Lead Implementer

International training

Number of days

5

Key information about the course

Be confident that you can efficiently meet stakeholder expectations with a robust Information Security Management System (ISMS). Work with our world-class information security trainers on our Lead Implementer Training Course to ensure your ISMS is ISO 27001 compliant.

By training with us you will gain an internationally recognized qualification that enables you to implement exceptional information security management standards in your organization. In becoming a lead implementer, you can also set the highest standard of information management tailored to your organization.

You will also take away sound knowledge of ISO 27001, the ISMS framework, how best to apply this.

International training **ISO/IEC 27001:2022 Lead Implementer**
