We believe in delivering the training you want, right to your doorstep.

When you choose BSI in-company training, you can select a course 'off-the-shelf' from our extensive range.

We will take the time to understand your company's learning needs so that we can develop a training solution that satisfies your business objectives. Working with you, we'll help to develop your people, improve processes and enhance your systems. And we charge by the day, not by delegate, making it a cost effective solution for training a group.

Whichever option you choose, you can be sure that you will be trained by a tutor who has practical experience under their belt and who understands your marketplace.

Coca Cola Enterprises experience with BSI

"Our recent experience of working closely with BSI to deliver bespoke, in-company training has been excellent. The commitment and enthusiasm shown by the BSI team to understand our business and then design the training package was commendable. The trainers were knowledgeable, friendly and they adapted their delivery style according to the group. The post training support to embed the learning has also been outstanding."
