

ISO 13485:2016**Clause by Clause****Two day course**

Demonstrate your ability to provide medical devices and related services that meet quality and regulatory demands in line with ISO 13485:2016 Medical Device requirements for a Quality Management System (QMS). This course enables a clause by clause understanding of ISO 13485:2016, providing an effective solution to meet the comprehensive requirements of an effective QMS.

**How will I benefit?**

- Be able to describe the requirements and structure of ISO 13485:2016
- Interpret and apply requirements relevant to your organization
- Appreciate how a QMS can be applied as a framework to produce safer medical devices
- Evaluate how requirements can be effectively implemented to meet and maintain regulatory compliance.

**What will I learn?**

- ISO 13485:2016 Requirements
- ISO 13485:2016 Scope and structure
- How requirements are established and maintained within an organization
- What systems are required for implementation
- How to gain or maintain certification to ISO 13485:2016.

**Who should attend?**

Senior management, quality managers, regulatory affairs managers, internal and external auditors, consultants and anyone involved with the implementation of the standard.
